

NOTICE OF MUNICIPAL REDISTRICTING

The City Charter requires ward boundaries to be reviewed following the release of each decennial census. In August 2013, the Board of Aldermen appointed a Boundary Commission comprised of one citizen from each of the three wards, which is responsible for drawing new ward boundaries based on the 2010 census data.

Using the required redistricting criteria, the commission determined that the current wards deviate too much in terms of population, and upon review of several different redistricting scenarios, the commission recommended changing the boundaries between Ward 2 (the least populated) and Ward 3 (the most populated) in order to have more equally populated wards.

The Boundary Commission will present its recommendation to the Board of Aldermen at a public hearing scheduled for December 10, 2013. The Aldermen may adopt, reject, or modify the recommendations of the commission. If adopted, the new ward boundaries will go into effect on the next local election in 2014.
